~ Company Overview ~

Founded in 1996 by the Mikk family of Maryland, Brighton Cabinetry, Inc. has been providing custom cabinetry to customers across the Midwest and along the East Coast for nearly three decades.

From stylish simplicity to decorative elegance, Brighton Cabinetry offers endless possibilities for personal expression. They're dedicated to creating elegant and functional cabinets for every area of the home. It's possible to choose from more than 1000 combinations of door styles, woods, and finishing options.

Brighton cabinets have been a part of "The Green House", a featured exhibit in the National Building Museum in Washington, D.C.

Brighton Cabinetry is a member of the Kitchen Cabinets Manufacturers Association and provides quality cabinets certified by KCMA testing.

Some Custom Construction Features of Brighton Cabinets

Frames

- Standard base height cabinet face frames 30"H with a 4-1/2" toe space, creating an overall height of 34-1/2".
- Standard wall cabinet depth 13".
- Overlay cabinet front frames are 3/4" solid hardwood with 1-1/2"W stiles and rails. Glued and screwed joinery.
- Inset cabinet face frames built with a haunch joint.
- Inset Wall and Tall cabinets get a 2-1/2" top rail. Overlay cabinets get a 1-1/2" top frame rail.
- Cabinets less than 9" wide will have reduced face frame stile widths.
- Center stiles on 2-door cabinets 39" and wider standard.

Case Construction and Interiors

- All cases constructed standard using 1/2" plywood (no particle board).
- Partial overlay, full-overlay and flush or beaded inset construction methods available.
- Easy-clean, durable UV Birch veneer interior. Matching wood interiors offered as an upgrade.
- Cabinets available at standard sizes with customization of dimensions allowed to 1/16". Decrease case dimension on standard cabinets with no up-charge.
- Standard cabinet heights available for 84"H, 90"H, 93"H, 96"H, and 102"H ceilings. Stacked cabinets available for ceiling heights up to 117"H.

Finished Ends

- Brighton offers standard finished ends, near flush ends, locking miter joint ends, and decorative ends, either with applied doors or as wainscot panel.
- Standard finished ends come with 1/8" reveals.
- Flush finished ends built using factory-installed applied end.
- For a true flush furniture side, choose a locking miter joint finished end

Backs

- Cabinet backs are 1/4" UV Birch veneer panels dadoed into the sides.
- 1/2" plywood exterior mount hang rails on wall cabinets.
- Horizontal grain on interior backs in cabinets larger than 48"W.

Shelves and Supports

- 3/4" Birch veneer plywood adjustable shelves, front edge banded (no particle board).
- Shelf supports are satin nickel-plated steel pegs in 5mm holes, adjustable in 32mm (approximately 1-1/4") increments.
- Typical minimum frame opening height for an adjustable shelf is 18".
- 24"D tall cabinets have a 22-1/4"D shelf.
- 24"D base cabinets have a 17-1/4"D shelf.
- 13"D wall cabinets have an 11-1/4"D shelf

More Custom Construction Features of Brighton Cabinets

Toe Space

- Toe space is 4-1/2"H and 3-1/2"D with a 1/2" sub toe board.
- Finished toe board matching the specie and finish of cabinets is available as an accessory.

Drawers

- 5/8" solid Maple sides, dovetailed front and back
- 1/4" Maple veneer panel captured bottom.
- Walnut drawer boxes available as an option.
- Standard drawer box heights available in 1" increments from 2" through 10". Actual drawer box height determined by frame opening height.
- Full width drawer boxes in cabinets 39"W and over will have additional bottom support.

Drawer Guides

- Brighton uses Blum undermount, full extension, concealed soft close drawer guides and Blum soft close door hinge hardware – the industry's finest.
- Blumotion drawer guides standard with 100 lb. weight capacity.
- Blum drawer guides close silently and smoothly with only a light touch by user.
- Roll-out shelf guides are side-mount epoxy coated steel with nylon roller bearings.
- Floor mount roll-outs use Blumotion guides.
- The deluxe undermount roll-outs will have Blumotion guides.

The real beauty of Brighton custom cabinetry is the craftsmanship and attention to detail that you will find beneath the attractive exterior.

Brighton Doors

Brighton offers more than 70 standard doors. Plus, they have access to virtually any door on the market if it's requested. Brighton doors are made from select kiln dried hardwoods. Most have 3/4" frames. Styling options are partial overlay, full overlay and flush or beaded inset.

Most doors come with slab and 5-piece drawer front options. Raised panel doors have 5-piece flat and raised panel drawer front options.

The following list shows the most often ordered doors. It's a representative sample of the doors that Brighton offers.

Most Popular Brighton Door Styles

#1 Shaker			#6 Monroe Flat Panel, not raised		
#2 Amesbury			#7 Rodera		
#3 Heritage			#8 Madrid Veneer slab		
#4 Cascade			#9 Hillsbrad Mitered		
#5 Bryant			#10 Bella Mitered

Hoods, Ventilation and Liners

Brighton Cabinetry offers a great selection of range hoods. Choose from hood shapes: curved, sloped, angled, tapered or box . Add decorative elements if desired. And if the hood your clients want isn't shown in the Brighton catalog, choose any style from the Stanici catalog.

Brighton offers many customizing options for their hoods.

In addition, Brighton provides a nice selection of ventilators, blowers and hood liners. You do not need to shop outside of the Brighton catalog to get a complete installation-ready range hood for your client's kitchen.
