“Building with Integrity, Crafting Cabinets for Life.”

Company Overview

Integrity Cabinets, LLC was founded with the promise to “always conduct business with integrity.”

Situated near Cheaha Mountain, the highest point in Alabama, in the east central part of the state, Integrity Cabinets is located 1 1/2 hours east of Birmingham, AL and approximately 2 1/2 hours west of Atlanta, GA.

Started in 2004 by the Williams family, the business is currently owner by Rodney Suggs. The senior management team has more than 100 years combined experience in every facet of the cabinet industry. Under their leadership, Integrity's dealer- distribution base has grown to cover the eastern half of the United States. And the number of company employees, on average, is between 200 and 300.

Integrity cabinets are delivered on company-owned trucks, driven by Integrity employees. Your order stays in the hands of the people who understand cabinets, from when it leaves the factory until it arrives at your destination.

Delivery by Integrity-owned trucks driven by factory employees is a benefit:

- Fewer damaged cabinets and other items on your order
- Reliable scheduling you can depend on
- No finger-pointing if something goes wrong. Integrity is accountable.
- Spend less time managing problems and more time serving customers

When you're not worrying about what the freight company might be doing to your order, you can focus on your customers and prepare them for the beautiful new Integrity kitchen coming their way.

Bob's Spec Book Notes By Product Manual Tab

Cabinet construction

- Unfinished ends in Classic series are Birch laminate
- Rails and stiles are 1 ¾" wide
- Wall cabinets in the Elite (inset) series are 13" deep
- Door and drawer hardware is Blum

Custom modifications

- Add a drawer modification We will also do a toe kick drawer for \$465 plus 25%
- Asymmetrical increase, will also do decrease
- Finished ends in Pro1 series are matching laminate
- Finished ends needs specified in Classic series
- Integrity will extend a side back for \$150 list price (not in spec book)
- The integrated matching end modification is Integrity's equivalent of a Wainscot panel side- 2020 adds two of the three charges. The charge it doesn't add is the installed accessory charge of \$90
- No Drilled doors are what you would use for a decorative end in full overlay- until 2020 is updated these require some manual entry and Integrity does not install them.
- Integrity charges 50% to do a different species finished interior or a different color
- Reduce height- I was told no limitations on the increment. Meaning ¼", ½", 3/8" whatever you need and the charge is 25%
- For reduce width they charge by 3" increments. Net charge is 25%
- Integrity does not install their Mullion grids and they do not ship glass

Door styles

- Partial overlay doors and full overlay doors have different names
- Elite Series has different names for their Doors
- All Mortise and tenon doors also have a five piece MDF option
- Door reveals are shown on page 31 in the door Styles. These are important for sizing No Drill Doors
- Any door higher than 42" will have a middle rail
- Atlantis door is built with a half inch center panel
- Salem Door is also available in rift red oak and white oak- This is limited to two colors in each species

Finishes

- Finish supplier is Akzo Nobel
- Cherry Wood is select and better
- Prime only cabinets is available
- If you're interested in custom paint, they inventory Bella doors and they will ship faster for custom colors. Three doors are made: one is kept in the factory and two are sent to you

Bob's Spec Book Notes By Product Manual Tab

Product awareness

Please read through

Wall cabinets

- Be sure to note BD SKU after a double door cabinets so you don't get a center stile
- Integrity will combine wall cabinets if you do not like our stackable wall cabinets with 18" top cabinets
- Matching wall end panels will be shipped loose unless specified as installed. Add \$90 list installed accessory charge. Plus specify finished end

Base cabinets

- Be sure to note BD SKU After a double door cabinets so you don't get a center stile
- Corner diagonal base has no dimensional changes
- For the soft close blind corner pull out and half-moon pull out shelves - the cabinet is not included in the price
- Base matching end panels are shipped loose unless specified installed. Add installed accessory charge \$90
- Wainscot panels: both vertical edges are supposed to be finished but be safe and make a note on the order

Vanity cabinets | Office cabinets

- Be sure to note BD SKU After a double door cabinets so you don't get a center stile

Talls

- Be sure to note BD SKU After a double door cabinets so you don't get a center stile
- Integrity will do oven cut-out
- Utility sliding shelf Kit need added to entry cabinets-1-\$90 installed accessory charge

Stackables

In a full overlay stack cabinets have a 3 1/2 inch rail with 7/8" inch space between the doors

Hoods

- All hoods are priced as Classic series
- Stanisci is the primary supplier
- Doors and liners are available with the hoods

Moldings

- If we don't have something that you need please reach out to customer service to get a quote
- For solid material with an eased edge to use as crown build up add 25% to the filler price and specify one long eased edge

Details

Details have things like refrigerator end panels, end skins, fillers, pilasters, floating shelves, appliance panels, posts, feet, valances

Marketing resources

Reach out to me if you need anything

Replacement practices

Touch up kits, hardware, shelf kits

Business practices

- Top portion of the Integrity Order form and your 2020 order form are good for order
- The most important thing here is the cut off times. ***Order cut off is 2:00 Monday***
- Changes, corrections and additions must be done by 10:00 on Tuesday
- Final approval by 2:00 Tuesday, otherwise the order rolls to the following production week
- Everything looks good you can simply respond approved to the acknowledgment email
- Integrity does a good job rushing items without having to use the rush charge but that is always there as well.

Order Form

Complete the top portion of the order form

Warranty

Classic series is now a Lifetime limited warranty. Is available in the dealer portal

Doors

- Not all doors are available in all wood species
- Doors are built using one of two construction types: Mortise & Tenon or Mitered
- Two overlays are offered: 1/2" and 1-9/16"
- Most doors are standard with slab drawer fronts
- Most doors allow upgrade to 5 pc. drawer fronts (\$50 list per drawer)
- **Group 1 and Group 2 doors with 1/4" center panel can be specified as 3/8" reverse raise doors by specifying RR. 12% upcharge. Best value - use with Group 2 doors.**
- Half Overlay and Full Overlay are the same style but with different names. Ex., Ayden & Southporte

General Breakdown of Door Groupings

- Group 1 is made up of all half overlay doors.
- Group 2 doors - 7 full overlay doors and 1 half overlay door (Sedona). Also - Atlantis is Skinny Shaker. **New in 2026 Group 2 Door - Aruba.** (see next page for details)

****Group 2 doors offer the best value for most dealers/designers****

- Group 3 is a mix of full overlay and half overlay doors. The full overlay doors are a combination of wider rail flat panel and miter flat panel doors. Full overlay doors are Atlantic Breeze, Lenoir, Lexington and Madison.
- Group 4 is all full overlay doors. This group has reverse raised panel Shaker, raised panel miter doors and raised panel mortise and tenon doors

Sister Doors - Doors with the same profile but different center panel or overlay

Bella / Fairmont	Gulfbreeze / Atlantic Breeze
Hathaway /Meridian	Bentley / Oxford
Ayden / Southporte	Lexington / Sedona

5-Pc Drawer Fronts

5-Pc drawer fronts measuring less than 5-1/2"H will automatically default to a slab front with matching door edge profile

Aruba - New Mid-Profile Shaker Door Style

"A new shaker option that fills the gap between Fairmont/Bella & Nassau/Atlantis"

Integrity Cabinets is introducing Aruba, a new mid-profile shaker door style designed to bridge the gap between our Standard Shaker (Fairmont/Bella) and Skinny Shaker (Nassau/Atlantis) offerings. This addition gives dealers a strategic middle option to meet diverse customer preferences and project requirements.

Aruba features mortise and tenon construction with 1 3/4" rails and stiles, available in Maple, MDF, and White Oak. The door style is Price Group 2 and comes standard with slab drawer fronts, with 5-piece drawer front upgrades available. Aruba is available to order now for delivery starting April 1, 2026. This expanded shaker selection strengthens your ability to offer customers precisely the aesthetic they're seeking while maintaining the quality standards your projects demand.

CONSTRUCTION	WOOD SPECIES	DOOR PROFILE
Mortise & Tenon	Maple MDF White Oak	Mid-Profile Shaker
PRICE GROUP	RAILS & STILES	REVERSED RAISED
PG 2	1 3/4"	Not Available

Hoods

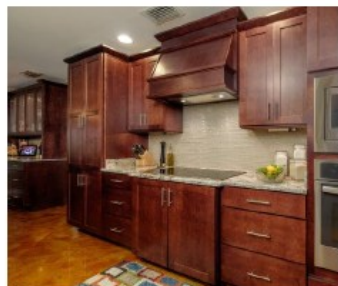

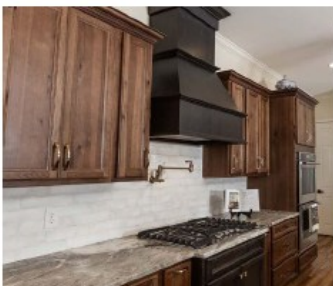

Integrity Cabinets offer a great selection of decorative range hoods. Choose from hoods with

- Beadboard
- Decorative arched raised panel
- Curved
- Shiplap
- Chimney style
- With or without mantels

Integrity offers one-stop shopping for hoods, ventilators, blowers and liners.

They provide a nice selection of ventilators, blowers and hood liners. You do not need to shop outside the IC catalog to get complete installation-ready range hoods.

Choose any hood from the STANISCI CATALOG to complete your design. Stanisci is a well respected manufacturer of Made in America wood hoods. They build the hood to your order, then ship it to Integrity for finishing.

Ordering Guidelines

How to Order

- Use orders@integritycabinets.com
- Fill out the order header of the order form and attach that with Order Form from 2020, exported as a pdf, for your cabinet list and whatever is similar in ProKitchen.

Order Cut-off Times for the Northeast

- Monday at 2:00 for order submission
- Tuesday at 10:00 for changes, additions, deletions, corrections
- Tuesday at 2:00 for confirmation/acknowledgement

PRE-PAY CUSTOMERS: PAYMENT MUST BE IN BY TUESDAY AT 2:00

You must approve your order for it to go into production. It will not automatically go into production. Do this by replying: **Approved + the order number in the body of the email.**

Credit cards carry a 3% charge. ACH is available at no additional cost.

Standard Lead Time: 5-6 weeks shipping to the Northeast.
